

Dear County Supervisor _____,

The project before you on November 19th could generate clean energy to power over 13,000 typical Wisconsin homes – and increase tax revenues for Richland County, the Town of Buena Vista, and area schools.

I am writing in support of the Richland County Solar Project. I support this project because I believe we need to generate clean power closer to our communities. Generating electricity from solar here in Richland County will contribute to the goal of reducing our dependence on expensive imported fuels.

Sincerely,

[your name and address]
