HOMEGROWN ENERGY

Chances are you know someone who is working to advance Wisconsin's clean energy landscape. Brodie Dockendorf worked construction for eight years, including masonry and servicing forklifts and cranes. Now he manages operation of the Quilt Block wind farm in Southwest Wisconsin.

Wisconsin's clean energy industry employs more than 75,000 workers – more than all the waiters, waitresses, computer programmers, lawyers and web developers in the state combined. Renewable energy boosts local economies and creates jobs with homegrown energy made right here in Wisconsin.

RENEWABLE ENERGY
HOMEGROWN • HEALTHY • SMART
