# HOMEGROWN ENERGY

Chances are you know someone who is working to advance Wisconsin's clean energy landscape. Tim Parker, a member of Operating Engineers Local 139, operated a bulldozer during construction of the Quilt Block Wind Farm in Southwest Wisconsin.

Wisconsin's clean energy industry employs more than 75,000 workers – more than all the waiters, waitresses, computer programmers, lawyers and web developers in the state combined. Renewable energy boosts local economies and creates jobs with homegrown energy made right here in Wisconsin.

**RENEWABLE ENERGY**  
**HOMEGROWN • HEALTHY • SMART**
